

BIG SISTERS' CLUB TO AID WOMEN IN BEATING H. C. L.

The Big Sisters' Club is going to demonstrate how Washington women can defy high bread prices by making their own bread and yeast. Mrs. Fred Dubois told today how they are going to do it.

"Why don't women of Washington make their own yeast?" asked Mrs. Dubois. "Why don't they make their own bread?"

"Any woman of common intelligence can produce a sixteen-ounce loaf of bread for less than 5 cents. Even though the price of flour is exceedingly high. Ever since Mr. Burns, of the National Bakers' Association, told the women of this nation they must forget the 5-cent loaf ever existed, the women of Washington interested in social service have organized and have been quietly demonstrating the old-fashioned method of yeast making and bread making, and are now ready to demonstrate that they can produce from 275 to 300 loaves of nutritious bread of fine fiber from a barrel of flour.

"There are 196 pounds of flour to the barrel, or 3,136 ounces. We will use from ten to twelve ounces of flour to a sixteen-ounce loaf. Several years ago the president of the National Bakers' Association gave out the statement that they could average 300 5-cent loaves from a barrel of flour.

"It is the patriotic duty of every woman in the country to bake bread just as it is her duty to knit. We will accept Mr. Burns' statement and forget the baker's 5-cent loaf, but in so doing the women of the capital will also forget that bakers ever existed. They will form community kitchen centers and distributing stations for war bread. There 5-cent loaves can be made or purchased.

"We will do away with the middle man and overhead charges, and will use live yeast to win this war against high prices and profiteering."

BLUFF THAT FAILED.
Visitor (at private hospital)—Can I see Lieutenant Barker, please?
Matron—We do not allow ordinary visiting. May I ask if you're a relative?
Visitor (boldly)—Oh, yes! I'm his sister.
Matron—Dear me! I'm very glad to meet you. I'm his mother.—Punch.

Dandruff Goes! Hair Gets Thick Wavy, Beautiful

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Dandine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

A little Dandine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Dandine from any grocery store for toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Dandine is to the hair what fresh flowers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.—Adv.

Medal and Smokes For First Bearer of Old Glory at Front

NEW YORK, Oct. 10.—William Clancy, the Texas youth, who carried the Stars and Stripes for the first time on the battlefields of Europe when he was with the British at Vimy Ridge, is to receive a gold medal to commemorate his exploit. The ceremony took place at the home of the bride's mother in the Alwyn, the Rev. John C. Palmer, pastor of the Washington Heights Presbyterian Church officiating. Only a family party was present at the ceremony, but a few additional friends were invited to the reception which followed.

The apartment was beautifully decorated with palms, ferns, autumn foliage and sweetheart roses and white chrysanthemums in abundance. Two small cousins of the bride led the wedding procession—Miss Margaret Kerr and James Banner. The little girl wore a dainty net frock over flesh-colored silk and carried a basket of sweetheart roses. The bride also wore white. The bride followed on the arm of her mother, who gave her in marriage. Her own gown was of white georgette crepe, fleeced with pink and white beads. She wore no veil and carried a bouquet of white roses with a shower of sweetheart roses. Harold Dutton was best man for his brother. The bride traveled in a smart gown of brown cloth with fur and hat of the same color. Lieutenant Dutton will take his bride to Fort Hamilton, N. Y., where he is stationed.
